* Please refer to all 17 pages below:

Pg. 1: For artwork and branding instructions
Pg. 2: Explaining the different shirt components
Pg. 3-17: True Size Templates

Artwork and branding instructions:

Artwork to be supplied in print ready format using size template on p3-p17

Acceptable file types for artwork: PDF / EPS.

Convert all text to curves / paths.

All artwork must be done in CMYK.

All Pantone Colours must be included as a PANTONE SOLID COATED SPOT.

We cannot guarantee 100% logo alignment on all shirt components.

We cannot guarantee 100% accuracy on colours, due to the different machines used, different fabrics used and different branding methods used.

We cannot manipulate colours, so we rely on your artwork supplied.
